Claims 13 – 15 are rejected under 35 USC Sec. 112(2nd) for failing to particularly point out and distinctly claim the invention.

Claim 13 recites “[a]n installation” at line 1 and another “installation” at line 3. It is unclear whether the references to “said installation” refer to the first-recited “installation” or the second-recited “installation. It is suggested that the former be initially identified as the “purifying installation” or “desalinating installation” and subsequently referred to as “said purifying installation” or “said desalinating installation,” respectively. Moreover, it is suggested that the second-recited “installation” subsequently referred to as “said fractionation installation.”

Per claims 14 and 15, it is unclear to which installation the recitation at line 1, “[t]he installation of claim 13,” refers.

Claims 13 – 15 would be allowed if amended to overcome the rejections noted above.
